SKILLS

- HTML, CSS, JavaScript (ES6+), React, Git, TypeScript, Redux
- Next.js, React Router, Tailwind CSS, UI libraries (Material UI, Shadcn, Next UI)
- Node.js, Express.js, Prisma, MongoDB Atlas, API Documentation, Vercel, Postman

WORK EXPERIENCE

TechVenia: *Frontend Developer*

08/2024 – 01/2025

- Implemented react-sheet-bottom-sheet to enhance UI responsiveness and improve user experience for mobile view.
- Actively participated in Bug fixing, resolving over 30% of UI issues on mobile views, ensuring seamless user experience across different devices.
- Integrated the latest UI library to modernize the application interface.
- Developed i18n (internationalization) feature enabling multi language support.

TimeSpaceLab.Inc: *Junior Software Developer Intern*

07/2023 – 03/2024

- Worked in an Agile environment utilizing weekly stand-ups and user stories.
- Contributed to the in-house UI library by creating reusable components, saving over 10 hours of development per month.
- Integrated Jira and Slack seamlessly to enhance project visibility, communication, and overall team productivity.
-

Albireo Tech System: *Client Coordinator*

01/2022 – 07/2023

- Collaboratively worked within a cohesive team of five professionals, contributing to collective goals and project success.
- Demonstrated leadership in delivering services that precisely met client needs, enhancing overall client satisfaction.
- Engaged in regular 5-day stand-up calls, fostering effective communication and alignment within the team.
- Actively participated in discussions, contributing ideas to enhance the development of products and services.
- Produced detailed reports, offering valuable insights, and supporting data-driven decision-making.
- Contributed to the hiring team, actively participating in the recruitment process to identify and onboard top talent.

Universal IT Solution: *Python Developer Intern*

08/2021 – 08/2021

- Built web applications using Python and the Django framework.
- Developed backend functionalities for efficient data processing and interaction.
- Crafted dynamic user interfaces for a seamless user experience.
- Collaborated with developers to implement design concepts and functionalities.

Universal IT Solution: *Web Developer Intern*

05/2020 – 06/2020

- Designed and developed visually appealing and user-friendly websites using HTML, CSS & JavaScript.
- Ensured website responsiveness across devices for optimal user experience.
- Collaborated with developers to translate design concepts into functional web pages.
- Collaborated with developers to implement design concepts and functionalities.

EDUCATION

Mahakal Institute of Technology || Ujjain, MP

August 2019 – May 2023

B.Tech. Computer Science

Relevant Coursework: Data Structures and Algorithms, Operating Systems, Machine Learning, Artificial Intelligence, Mobile App Development, Software Engineering, User Experience/User Interfaces, Object-Oriented Programming

PROJECTS

[iPhone Website](#)

April 2024 – May 2024

Skills: React, Tailwind CSS, 3D Graphics, GSAP Animation

Description: A dynamic and interactive iPhone-themed website using modern web technologies.

Leveraged React for building the user interface, Three.js for 3D graphics, and GSAP for animations.

Implemented performance monitoring and optimized performance with Vercel Speed Insights. Utilized

Tailwind CSS for responsive and elegant styling. Ensured code quality with ESLint and streamlined

development and build processes using Vite.

CERTIFICATION

Principle of UX/UI DESIGN || Meta

December 2023 – January 2024

[Certification](#)

Introduction of Front-End Development || Meta

July 2023 – August 2024

[Certification](#)

Introduction of Back-End Development || Meta

July 2023 – August 2024

[Certification](#)

DECLARATION

I solemnly declare that all the details given above are accurate, and I bear the responsibility for any variation from them in the future.
